MATERIAL SAFETY DATA SHEET

1. Product and Company Identification

Product Name Marsh Red Spray Stencil Ink

CAS # Mixture
Product use Spray Ink

Manufacturer Marsh Shipping Supply Company, LLC

926 McDonough Lake Road, Unit E

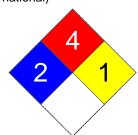

Collinsville, IL 62234 US Phone: (618) 343-1006 Fax: (618) 343-1016

Emergency Phone: (800) 424-9300 (USA) Emergency Phone: (703) 527-3887 (International)

LEGEND
HMIS/NFPA

Severe 4
Serious 3
Moderate 2
Slight 1
Minimal 0

2. Hazards Identification

Emergency overview DANGER

Extremely flammable. Contents under pressure. Containers may explode when heated.

Eye and skin irritant. May cause chronic toxic effects.

Potential short term health effects

Routes of exposure Eye, Skin contact, Skin absorption, Inhalation.

Eyes May cause irritation. Contact with liquid may cause frostbite.

Skin May cause irritation. Contact with liquid may cause frostbite.

Inhalation Excessive intentional inhalation may cause respiratory tract irritation and central

nervous system effects (headache, dizziness).

Ingestion Not a normal route of exposure. May cause stomach distress, nausea or vomiting.

Target organs Eyes. Skin. Respiratory system.

Chronic effects Prolonged or repeated exposure can cause drying, defatting and dermatitis.

Signs and symptoms Symptoms may include redness, edema, drying, defatting and cracking of the skin.

Symptoms of overexposure may be headache, dizziness, tiredness, nausea and

vomiting.

3. Composition / Information on Ingredients

Ingredient(s)	CAS#	Percent
Solvent naptha (petroleum), light aliphatic	64742-89-8	7 - 13
Hydrous magnesium silicate	14807-96-6	3 - 7
Acetone	67-64-1	15 - 40
Butane	106-97-8	10 - 30
Propane	74-98-6	10 - 30
2-Propanol, 1-methoxy-, acetate	108-65-6	1 - 5
Carbonic acid calcium salt (1:1)	471-34-1	1 - 5
1,2,4-Trimethylbenzene	95-63-6	0.1 - 1

4. First Aid Measures

First aid procedures

Eye contact Immediately flush with cool water. Remove contact lenses, if applicable, and continue

flushing for 15 minutes. Obtain medical attention immediately.

Skin contact Flush with cool water. Wash with soap and water. Obtain medical attention if irritation

persists. Clothing frozen to the skin should be thawed before being removed.

If symptoms develop, move victim to fresh air. If symptoms persist, obtain medical Inhalation

attention. If breathing has stopped, trained personnel should administer CPR

immediately.

Not a normal route of exposure. Do not induce vomiting. Rinse mouth with water, then Ingestion

drink one or two glasses of water. Obtain medical attention. Never give anything by

mouth if victim is unconscious, or is convulsing.

Notes to physician

General advice If you feel unwell, seek medical advice (show the label where possible). Ensure that

medical personnel are aware of the material(s) involved, and take precautions to protect

themselves. Show this safety data sheet to the doctor in attendance.

5. Fire Fighting Measures

Flammable properties

Flammable by WHMIS/OSHA criteria. Containers may explode when heated.

Extinguishing media

Carbon dioxide. Alcohol foam. Dry chemical. Foam. Water Fog. Suitable extinguishing media

Symptoms may be delayed.

Unsuitable extinguishing media Not available

Protection of firefighters

Specific hazards arising from

the chemical

Contents under pressure. Pressurized container may explode when exposed to heat or flame. Cool containers with flooding quantities of water until well after fire is out.

Protective equipment for

firefighters

Firefighters should wear full protective clothing including self contained breathing

May include and are not limited to: Oxides of carbon. Phosgene.

apparatus.

Hazardous combustion products

Explosion data

Sensitivity to mechanical

impact

Sensitivity to static discharge

Not available

Not available

6. Accidental Release Measures

Personal precautions

Keep unnecessary personnel away. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep people away from and upwind of spill/leak.

Methods for containment

Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Stop leak if you can do so without risk. Prevent entry into waterways, sewers,

basements or confined areas.

Methods for cleaning up

Before attempting clean up, refer to hazard data given above. Remove sources of ignition. Although the chance of a significant spill or leak is unlikely in aerosol containers, in the event of such an occurrence, absorb spilled material with a non-flammable absorbent such as sand or vermiculite. Never return spills in original containers for re-use.

7. Handling and Storage

Handling

Use good industrial hygiene practices in handling this material.

Keep out of reach of children. Do not store at temperatures above 120°F (49°C). Keep Storage away from heat, open flames or other sources of ignition. Store in a tightly closed container.

Engineering controls	Use only under good ventilation conditions or with respiratory protection.		
Personal protective equipment			
Eye / face protection	Safety goggles or glasses.		
Hand protection	Rubber gloves. Confirm with a reputable supplier first.		
Skin and body protection	As required by employer code		

Skin and body protection As required by employer code.

Not normally required if good ventilation is maintained and exposure guidelines are not Respiratory protection

exceeded. Where exposure guideline levels may be exceeded, use an approved NIOSH

respirator.

General hygiene considerations Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Wash hands and face before breaks and immediately after handling the

product.

10. Chemical Stability & Reactivity Information

Chemical stability Stable under recommended storage conditions.

Conditions to avoid Aerosol containers are unstable at temperatures above 49°C (120°F).

Incompatible materials Strong acids, alkalies and oxidizing agents.

Hazardous decomposition products May include and are not limited to: Oxides of carbon. Phosgene.

Possibility of hazardous reactions Hazardous polymerization does not occur.

Effects of acute exposure

May cause irritation. Contact with liquid may cause frostbite. Eye May cause irritation. Contact with liquid may cause frostbite. Skin

Excessive intentional inhalation may cause respiratory tract irritation and central Inhalation

nervous system effects (headache, dizziness).

Ingestion Not a normal route of exposure. May cause stomach distress, nausea or vomiting.

Non-hazardous by WHMIS/OSHA criteria. Sensitization

Chronic effects Repeated or prolonged exposure to Hydrous magnesium silicate (Talc) may cause

scarring of the lungs with shortness of breath, chronic cough, and heart failure.

Non-hazardous by WHMIS/OSHA criteria. Carcinogenicity

ACGIH - Threshold Limits Values - Carcinogens

67-64-1 A4 - Not Classifiable as a Human Carcinogen

Hydrous magnesium silicate 14807-96-6 A4 - Not Classifiable as a Human Carcinogen (containing no asbestos fibers); A1 -

Confirmed Human Carcinogen (containing asbestos fibers)

IARC - Group 3 (Not Classifiable)

Hydrous magnesium silicate 14807-96-6 Monograph 93 posted (inhaled), Supplement 7 [1987], Monograph 42 [1987]

Non-hazardous by WHMIS/OSHA criteria. Mutagenicity Reproductive effects Non-hazardous by WHMIS/OSHA criteria. **Teratogenicity** Non-hazardous by WHMIS/OSHA criteria.

12. Ecological Information

Components of this product have been identified as having potential environmental **Ecotoxicity**

concerns.

Ecotoxicity - Freshwater Algae Data
